

Faculty Development Programme on Basics of Medical Education Technologies for faculty members of AIIMS Kalyani from 23rd June 2022 to 25th June 2022

Medical Education Unit of AIIMS Kalyani organised the first **Faculty Development Programme on Basics of Medical Education Technologies** from 23rd June 2022 to 25th June 2022; with the aim to improve the quality of medical education in our institute by sensitising the medical faculty on newer concepts in teaching and assessment methods. The three-day workshop was inaugurated by Prof. (Dr.) Ramji Singh, Honourable Executive Director in the presence of Prof. (Dr.) Ajay Mallick, Medical Superintendent, Dr. Rekha Dutt, Chairperson Medical Education Unit, resource persons and participants. Sixteen sessions on various topics of Medical Education Technologies were taken by trained resource persons of our institute. Twenty-four faculty members of AIIMS Kalyani actively participated in the workshop in various activities including individually presenting a seven minutes microteaching session; a time-tested method of improving teaching skills. The workshop was successfully concluded with enhancement in knowledge and teaching learning skills of participants. The workshop is in series of academic events organized by institute in commemoration of 75 years of Independence.
