ONCOPATHOLOGY CME

Dear Colleagues,

Oncopathology has been a branch of diagnostic pathology that has made tremendous progress in the last few decades. With the treatment modalities shifting from generalized procedures to personalized medicine, the role of oncopathologists is now, not only limited to providing the diagnosis but also to guiding the treatment. However, this branch is ever-evolving and all hematopathologists, surgical pathologists, and cytopathologists need to stay updated with the latest developments.

The Department of Pathology and Laboratory Medicine, AIIMS Kalyani is honored to welcome you all to the “**Oncopathology Updates 2023**” on the **25th and 26th of February 2023** at **AIIMS Kalyani**, where the reputed oncopathologists from all around our country will share their experience and expertise with the learned audience.

It will rejuvenate the thirst for knowledge, foster live interaction with the dignitaries and also provide an opportunity for postgraduates to share their work on the august platform in front of the experts.

We assure you of a grand academic feast and look forward to your whole-hearted support and participation.

Welcome you all to AIIMS Kalyani.

Prof. (Dr) Santosh Kumar Mondal

Organizing Chairman

Dr Indranil Chakrabarti

Organizing Secretary
